## Camp Seale Harris Senior Camp Important Information

- **The Blood Sugar and Insulin Record should be brought to camp check in with your child.** Use this form to keep a record of your child's blood sugars and insulin dosages for the week prior to coming to camp. This is very important information about how blood glucose levels have been running and current treatment and will help us understand more about your child's diabetes.

- **Check in dates and times:**

Senior Camp – Saturday, June 5 12:00 PM – 3:30 PM

To reduce the wait and follow our safety plan, a specific check in time will be sent by email closer to check in day.

If you do not receive a specific time by May 26, please call the office at 205-402-0415.

Please note that camp personnel will not be onsite until 12:30 PM.

**To assist with our social distancing and safety plan, we ask that only ONE parent/guardian bring a camper to check them in. If you have questions please contact sarah@campsealeharris.org.**

**Camp Theme!!! – There's No Place Like Home!!** After a year of missing camp, we've all become a bit homesick for Camp. So we are clicking our heels together like Dorothy in the Wizard of Oz and proclaiming "There's no place like home!." Dress up as your favorite character from the movie or favorite camp staff member (or even favorite camp activity)!

## What to Bring to Check-in

Blood Sugar and Insulin Record

Prescription medications, excluding insulin. Medications will be kept in the Infirmary. Please bring medications in their original container labeled with child's name, drug name, dosage, physician's name, pharmacy name, and phone number. If prescriptions are left at home, a Wal-Mart & Walgreens pharmacy are located in Alexander City. Parent/Guardian is responsible for the purchase of prescription medications.

For over the counter (OTC) medications that your camper must take every day, a doctor's note approving the medication's use will be required to be supplied for check in. All OTC medications taken only if needed (pain relievers, allergy meds, antacids, etc.), will be provided by camp. Camp has a supply of all common OTC medications and physicians available to give orders for appropriate use. If you have any questions or concerns prior to check in, please call the camp office.

If your camper uses a CGM, bring the receiver as cell phones are not permitted at camp. If you do not have a receiver, CSH may be able to provide a loaner receiver for the time at camp. If you have questions, contact the camp office.

Insulin pump and continuous glucose monitoring system equipment and supplies. If camper uses a pump and/or CGM, bring sets, syringes, IV prep, tape for sets, set injector if used, spare batteries, and anesthetic cream, if used. A protective case for the pump may be brought to prevent damage. Bring twice what you expect your camper to use. Unused supplies will be returned.
