CAMPSEALEHARRIS.ORG/DIABETESWALK

Thank you for your time to find out about SDES - Camp Seale Harris and our mission to educate, encourage, and empower children with diabetes and their families to live well. Your support of our Type 1 Diabetes community is appreciated by the hundreds of local residents living with T1D every day.

The 2024 Diabetes Walk for Camp Seale Harris is a fundraising campaign supporting the hundreds of local children and their families facing the challenges of living with Type 1 diabetes. Diabetes is a disease these children could not prevent, they will not outgrow, and there is no cure. Funds raised make an immediate impact by helping diabetic children and families attend Camp Seale Harris. Camp Seale Harris saves and improves lives of diabetic children by providing care and learning to manage this very difficult condition. Camp Seale Harris support groups help kids and families learn critical diabetes care skills and receive support and inspiration year round.

This year, hundreds of individuals and their walk teams will participate in one of our six locations. These events raise awareness of Type 1 Diabetes, encourage local children and families living with Type 1, and benefit Camp Seale Harris.

Since 1949, Camp Seale Harris has provided a powerful, safe and fun diabetes education camp experience and comprehensive diabetes education and support services for thousands of youth with diabetes. All Camp Seale Harris programs are provided by Southeastern Diabetes Education Services (SDES), a 501c3 non-profit. Your support is needed.

Thank you for taking the time to review this important request for Corporate Sponsorship of the 2023 Diabetes WALK for Camp Seale Harris. Please don't hesitate to contact me with questions.
